EXTRA VIRGIN OLIVE OIL
WITH COMESTIBLE 24K GOLD DUST

GOLD 24K by Vin Doré is an Olive Oil Extra Virgin for gourmet pleasures lovers.

Fruit born based on the research of the company Vin Doré 24K SL for unique and incomparable oil with comestible gold dust 24K, which puts the finishing touch of glamour in this creation.

The features that shape our oil begins with the collection of the best Arbequina and Picual olives to achieve a blend of 40 and 60% respectively which provide a nice combination on the palate, with certain notes and fragrances reminiscent of the fruity aroma of fresh olives and freshly cut grass, green leaf, tomato, fig and some apple, without forgetting the amazing visual spectacle that comes from 24K gold dust in suspension.

Its flavor is unique and incomparable, without leaving behind its view of greens with golden undertones with comestible 24K gold dust dancing in it. Stresses in the finest gourmet dishes with a sweet taste, with almond aftertaste, slightly bitter and slightly spicy, which reveal the complexity of sensations that awaken the nose and palate.

DESCRIPTION

Extra Virgin Olive Oil, superior category obtained directly from natural juice of olives of the varieties Picual (60%) and Arbequina (40) only by mechanical means. The result is an olive-green golden yellow, fruity, slightly bitter and slightly spicy.
